Crew catering Sample 'taster' menus

Our crew menus are created with hearty, nutritious, filling food in mind to keep you and your team sustained and satisfied during your time on set.

We've put together these sample menus to give you an idea of the types of food we offer, but we know needs (and budgets) are variable so if you're looking for something a little different, just let us know...

We have a range of menus to suit different styles and budgets and we'll be more than happy to chat through your specific requirements and make any tweaks and changes to fully satisfy your needs.

Our crew package services include:

- Breakfast, lunch, dinner, snacks and drinks as needed
- Crockery, cutlery and service ware or eco-disposables as preferred
- Staffing and served meals if required
- V/VG/GF options readily available

Once we have an idea of what you are looking for, we'll be happy to put together a bespoke, no-obligation quote for you to consider.
